

# Sandbach Clean Team

Newsletter no 15

October 2008

**SANDBACH  
CLEAN TEAM**  
Supported by

**SIBELCO**

**R**ob Davenport, Manager of WBB Minerals (Sibelco) at Arclid quarry, presented 30 High-Visibility vests printed with Sandbach Clean Team's name at the Litter Pick on Saturday 13th September. Our thanks go to WBB Minerals (Sibelco) for their generosity.

## ABBEY ROAD CLEAN-UP

**T**hree Clean Team members from Elworth have been working with Sandbach in Bloom to replant the rose bed at the Middlewich Road end of Abbey Road. The work will be completed by the end of the year. Many thanks to all concerned.

## WORKING WITH TATRA

**T**he Avenues' Tenants and Residents Association (TATRA) are working with the Clean Team to help to keep their area clear of litter. At a special litter pick on 20th September local residents worked through the morning and collected eight large bags of rubbish.

## A BLOOMING LIBRARY

**S**andbach Library and members have now completed their work on the Library gardens, thanks to a grant of £200 from Sandbach Partnership which purchased planters and plants to put in them. Their efforts galvanised the Cheshire County Council grounds maintenance contractors to provide turf and additional shrubs. Well done to all concerned.

## WORK WITH LOCAL BUSINESSES

**S**andbach Town Council is supporting a project lead by the Clean Team that will work with local businesses to reduce the amount of litter they create, directly or indirectly. The project is due to commence in April 2009 and a small steering group has been set up to oversee it.

## FUTURE LITTER PICKS

These will take place from 10:00am to 12:00 noon on  
October 18th      November 15th      December 13th.

Brereton will have a litter pick on November 15th.

The 2009 litter-picking dates will be announced in October.

INFORMATION on the Clean Team can be obtained from  
Dick Macaulay on 01270 765549, or [d.macaulay@talk21.com](mailto:d.macaulay@talk21.com)
